

---

Please note one of the features of your Section 125 plan is the automatic rollover of co-pays and deductibles from the medical plan to the Section 125 plan for reimbursement. Most members enjoy this feature because once your medical claim is filed it does not require a paper claim to be filed with the Section 125 plan. Some members prefer to file manual claims for their Section 125 reimbursements. Therefore, for the 2006 plan year please make one of the elections below and forward to the Kempton Group Administrators, Inc.

---

I do not wish to have medical co-pays and deductibles automatically rollover into my Section 125 account for reimbursement. I will submit the claims manually for reimbursement.

I elect to have medical co-pays and deductibles automatically rollover into my Section 125 account for reimbursement.

The undersigned participant in the Plan certifies that all expenses for which reimbursement or payment is claimed by automatic rollover, were incurred (i.e., services were provided) during a period while the undersigned was covered under the Oklahoma Conference The United Methodist Church Cafeteria Plan with respect to such expenses and that such expenses have not been reimbursed, or are not reimbursable, under any other health plan coverage. The undersigned fully understands that he or she alone is fully responsible for the sufficiency, accuracy and veracity of all information relating to this claim which is provided by the undersigned, and that unless an expense for which payment or reimbursement is claimed is a proper expense under the Plan, the undersigned may be liable for the payment of all related taxes including federal, state or city income tax on amounts paid from the Plan which relate to such expense. The undersigned further understands that no medical expense tax deduction or credit is permitted for amounts for which reimbursement is made.
